To: All FFV Stakeholders
From: Tony Pignata (Chief Executive Officer)
Date: Tuesday, 27th September, 2005
Subject: FFV supports the use of the Maddocks "All Season Pitch".

Football Federation Victoria (FFV), has inspected the product known as the "All Seasons Pitch", as produced by Maddocks Sports Pty Ltd.

Our inspection was carried out at Dunstan Reserve (Peacock St. Brunswick, Melbourne, Victoria) in September 2005. The product was installed at the start of 2005 winter season and trialed as an alternative to previous practice.

Following the feedback from the tenant club (Brunswick City SC) and other sporting clubs who have used the same product in different locations, FFV is prepared to support the installation of the "All Seasons Pitch" (*Patent Application No. 2005900065*) as a satisfactory alternative for the cover of concrete cricket wicket areas, provided the installation of this product is in accordance with the suppliers installation guidelines or procedures.

FFV believes the surface covering the concrete pitch gives a reasonably stable and soft covering for all participants. We would recommend that regular inspections are carried out, to ensure that extra rubber pallets are added to this surface prior to the commencement of each winter season or as required, so as to ensure the surface remains safe for competition play.

Please note that FFV reserves the right to withdraw its support of the 'All Seasons Pitch' (*Patent Application No. 2005900065*), if any installation (or its surrounding area) is deemed dangerous and will pose a serious risk to the safety of all participants.
