RE: Feedback on All-Seasons installed Pitch at Oval 11, Albert Park Reserve

Dear Colin,

I am writing to express our satisfaction with the All-Seasons pitch, especially now that our season is at the halfway mark and the pitch has been subjected to a fairly rigorous workout and come through with flying colours.

Considering we have 2 senior games most Saturdays (South Melb. or Ajax), have at least 4 Junior Sunday games and add to that the Seniors and Juniors training 4 nights per week, the pitch has stood up extremely well, with no signs of wear, and more importantly, no injuries to players.

Compared to previous years, when the initial 'supergrass' Cricket pitch installed was simply covered with dirt – no grass grew, no balls could be bounced, there was no true centre circle – the football side of the Club is very happy with the results of the change to an All-Seasons Pitch and has no hesitation in endorsing your Product.

Kind Regards,

Phil Masters,
VAFA Secretary, SMDSC
